

Main visual differences are as follows:

CA2457 (13.5mm Disc)

CA2555 (10.0mm Disc)

Position of Inlet = A  
Type of cable lever = B  
Large fin = C

- CA2457/R - Inlet & bleed ports are opposite to each other.
- CA2555/R - Inlet & bleed ports are adjacent to each other.

Please also note that the slider pitch centres are different:

CA2457 = 132mm to suit the 13.5 mm thick disc.

CA2555 = 118mm to suit the 10.0 mm thick disc.
